Bio

Aaron is an Intellectual Property attorney with a background in computer engineering. Aaron practiced in New York City and the Washington D.C. area before returning to Western Pennsylvania to join The Webb Law Firm.

Aaron's practice centers on prosecution of domestic, international and PCT patent applications in the electrical, computer, electro-mechanical and software fields. Aaron also devotes a portion of his practice to litigation, client counseling and preparation of legal opinions related to patentability, validity, and patent infringement. While in law school, Aaron served as an associate editor and a contributing editor of the Michigan Telecommunications and Technology Law Review and was a member of the Michigan Law School Hockey Team.
